BREAKFAST & BURGER GRILL

## AN INTRODUCTION

---

Moo Hatch delivers premium, high-quality street food for corporate events, with a focus on speed, consistency and professional service.

We believe in proper burgers, you've probably not seen many like ours served through a hatch before!

All our meat is locally sourced using a local butcher, who in turn uses meat sourced from herds in the midlands.

All our bread and baked treats are supplied by a bakery local to us and baked fresh for every event.
